

BRAVER™

An explorer-themed card game that teaches players how to navigate an ever-changing world

DIVERSITY, EQUITY & INCLUSION DECK

An easy & instantly engaging bridge into DE&I training

BRAVER is an invitation to start courageous conversations about difficult topics using a fun, collaborative, infinitely customizable card game.

The premise is simple. Each box includes 2 decks of cards:

- ♣ 52 customized Question Cards &
- ♣ 52 standard Playing Cards*

**Reimagined with diverse racial, ethnic, and gender identities for more inclusive play!*

Choose any card game—Go Fish, War, Rummy, etc—then deal players in. Every time a Question Card comes up, stop play, and have everyone answer the question. Play continues until the game is over. Everyone wins as they get to talk about and learn what others are facing or fighting.
